## EXPENSES

The annual charge for board, tuition, heating and lighting, is four hundred and fifty dollars, payable one-half on entering and one-half January 8. No allowance is made for late entrance nor for withdrawal before the end of the term. In case of absence of more than two weeks for sickness the school and the parent divide losses equally.

The charge for tuition per year for day boys in the Lower School is seventy-five dollars, and in the Upper School is one hundred dollars.

No deduction will be made when a boy withdraws, or leaves without permission of the Principal, or is dismissed.

Boys will not be retained whose term bills have not been paid or satisfactorily adjusted within one week after the entrance. A deposit of five dollars must be made for breakage and damage to school property, the unused portions of which will be refunded at the end of the year.

### ADVANCE PAYMENT

An Entrance Fee of \$25 is required of all resident students at the time of filing application for entrance, as a guarantee for holding place. *This fee is in no case returned*, but on the entrance of the student is credited to his regular account.

### EXTRA EXPENSES

Students remaining at the school during vacations will be charged one dollar per day for board.

Tuition in Mechanical Drawing, \$10.00 per year.

Students provide their own books and stationery, which may be purchased at the school, and will cost from five to twenty dollars. Physician's charges and expenses for trained nurse during illness are to be paid by the student.

A subscription of five dollars is paid by each boy for general athletic expenses.

A rifle is issued to each cadet, for which he must deposit five dollars, of which amount three dollars

will be refunded if the rifle is returned in good condition.

The Principal will admit into his family eight pupils under fifteen years of age. These boys have the parental care of the Principal and his wife, and an extra charge of one hundred dollars per year is made.

Boys wishing to occupy rooms to the exclusion of others must pay fifty dollars per year extra. Bills for uniforms, books, etc., are payable on presentation, and if not paid promptly are subject to sight draft.

Laundry, ten dollars per year; washing of khaki suits and white duck trousers must be paid for extra.

#### ARRIVALS

Arriving at Charlotte, boys should take the Myers Park car for the school. It is a needless expense, and often an impropriety, to stop at a hotel.

We cannot meet each train, because there are four depots, and sixty-two passenger trains arrive in Charlotte each day.

#### ALLOWANCE

The pocket money allowance varies from thirty-five to seventy-five cents a week, as parents may direct. This allowance is not paid at the office unless there is a deposit to the boy's credit.

#### UNIFORMS

The cadets wear uniforms at all times. The dress uniform of the school is of the regulation

West Point gray, consisting of cap, coat, and trousers. On certain occasions, white duck trousers are worn in place of the gray trousers. In the Fall and Spring, a khaki service uniform is used for ordinary wear.

Uniforms will not be ordered until a sufficient sum to cover the cost has been deposited with the school.

#### ARTICLES REQUIRED

With the exception of uniform, the clothing required is similar to what would be furnished a boy for use at home. He should bring with him a supply of underclothing, white cuffs, napkin ring, clothes bag, toilet articles, Bible, six napkins, six towels, one pillow and two pillow slips, four sheets and two pairs blankets for single bed, glass, knife, fork, and spoon for use in room. Every article should be plainly marked with the name of the owner. No outer suit except the one worn at the time of entrance should be brought.

#### MEDICAL CARE

The cost of medical services by the school surgeon, or special nursing by a trained nurse, or removal through necessity to an outside hospital, must be paid by the patient. The care by the matron during sickness in the school infirmary is included in the annual charge.
